

## Description

Widely used in electrical equipment, electronic equipment, instruments and equipment, complete sets of equipment and other AC and DC circuits, Install in measuring current and voltage devices.

Withstand voltage : AC 502Hz, 2AKV pressure 1 minute

Dimensions : 65mm x 56mm x 52mm Current : 100A DC

Meter Accuracy : Class 205 the basic error  $\pm 1.5\%$  Conditions of Use : -20 ~ 50 °C,  
relative humidity  $\leq 95\%$  (25 °C)
