

Description

Updated Design! Constructed of a durable spunbond polypropylene base- layer and coated with heavy-duty layer of CPE. The waterproof CPE layer, extra-deep design, and durable CPE coating make this bootie an ideal solution for users with large workbooks. The newly upgraded design and material also means that the blue CPE coating comes nearly all the way to the top of the bootie, making them even more durable and waterproof.

Features

- waterproof CPE coating on bottom
- Extra-deep to accomodate larger shoes & workboots
- Elastic band for secure fit
- Lightweight but durable
- One size fits all
